* DEAR PUBLIC *

Thank you for being here today and for being part of our show.
Performers can not succeed without an audience.

This show is derived from a lot of training, parental support, time, love for dance and hard work.

Our students love to play... You can not imagine how much!

Their playfulness makes it a challenge to us as teachers to reach our goals.

That's why we named our show "Toys & Company" to encompass all the things that children enjoy, connecting the teachers to the children's world of imagination.

Our philosophy at Club di Movimiento is to educate our students in the art of dance in an atmosphere where each student can discover their own individual talents.

Enjoy the show, Samanta.
