NOVEMBER 26TH AND 27TH, 2016**

Dear Public,

Bon Bini, we are delighted to have you here to participate and share Club di Movimiento's dance recital: "Our Heroes". Club di Movimiento is a dance school committed to actively raise the quality of not only dance education, but the development of each student as a person in the society.

We want all children, regardless of race, creed or circumstance to achieve their full potential in life.

This year's dance recital "Our Heroes" is celebrated in connection with Thanksgiving Day on November 24th and International Day of Person with Disabilities, December 3rd and has the purpose to inspire all of us to find in ourselves our special power to be kind, to respect and to believe in a better world for future generations to come.

We are grateful and honored for the opportunity to dance together with Scol Scucha Nos, Maykxyon Maduro and special friends. You taught us a lesson. Your special needs is just a condition and do not define who you are. YOU ARE OUR TRUE HEROES.

Thank you very much, each one of you: CDM Team, Invited Guests, Sponsors, Local Foundations, Students and Families, for your support and collaboration towards our heroic movement. Thank you for sharing your super powers with us. Let's leave an act of kindness as a legacy and lasting change to our world.

Love & Unity,

“My own heroes are the dreamers, those men and women who tried to make the world a better place when they found it, whether in small ways or great ones. Some succeeded, some failed, most had mixed results. But it is the effort that is heroic, as I see it. Win or lose, I admire those who fight the good fight.”

-George R. R. Martin-

The Aruba Autism Foundation, called "Fundacion Autismo Aruba" is one of the few organization on the island that works specifically for the interest of people with autism, their families and caretakers.

"Fundacion Autismo Aruba" (herein after referred to as F.A.A.) was officially founded in June 2005. The foundation was formed by parents of children with autism, who had personally experienced the lack of an organization to help them navigate life with autism after a diagnosis. Aruba being a small island two of the current board members found out they had something more in common than children of the same age. Both parents had to find the necessary support for their children through their own effort. Their early talks about the need for an autism organization resulted in several informal meetings starting in 2003, that led to the official founding in 2005.
