Club di Movimiento Team

Dear Audience,

Hello and welcome to CDM's annual dance recital "Before Our Time". Tonight we are celebrating dance. From beginning of time till now, students will highlight Ancient civilizations, famous musicals, popular songs and dance styles that have made history.

Our past is a vital part of our upbringing and influences who we are today and tomorrow. Teachers and students had a lot of fun, reviving those good old times. At Club di Movimiento we, Dance Educators take pride in educating our dancers to become a better person by respecting one another, always reinforcing positive thinking and involvement with our community.

At CDM family we celebrate, love for Dance, Culture and Arts. I owe a great debt of gratitude to our office team, teachers, instructors and assistants. You deliver on your "MORE THAN JUST GREAT DANCING" motto everyday.

I also want to thank CDM's students families and community partners for supporting our annual recital; trusting and believing in the work we do with children and youths of Aruba .

I hope you enjoy our show and teleport yourselves through time.

Love,

Samanta

Dance Education Partners

Congratulations CDM students! We are proud of you and your accomplishments. We are confident that you will continue with even more successes.

The Royal Academy of Dance (RAD) is one of the world's most influential dance education and training organizations. RAD promotes knowledge, understanding, and practice of dance internationally and seeks to accomplish this through promoting dance, educating and training students and teachers, and providing examinations to set standards and reward achievement.

RAD aims to be recognized internationally for the highest standards of teaching and learning, as a leader in continuing professional development in dance, and as the preferred professional membership body for teachers of dance, supporting and promoting them at every step of their career, encouraging their innovative contributions to dance and education throughout the world.
