

CLUB DI MOVIMENTO
PRESENTS:

**OUR TRUE
COLORS**

Cas di Cultura, November 20th & 21st, 2021

Club di Movimiento Team

Dear Audience ,

We are so very excited and grateful to be back at Cas di Cultura for our Annual Dance Recital "Our True Colors". It has been such a long journey for all of us at CDM with so many uncertainties, several guidelines to follow and less dance family members who could no longer join dance lessons. We miss you all and truly hope that better days will bring you back to the dance floor again.

Our True Colors theme is inspired on how we all as artists, teachers, dancers, families and community in general had to adapt quickly to the 2020 pandemic event. I am very grateful to my team for pushing forward during last years pandemic, for Youth Ballet Companionship showing their true colors being my first online students, helping us CDM figure out the dance school online concept and to all families who even in the most scary time of the century supported us believing that art is essential to their kids.

Dance is an art. It is emotional, powerful and it makes us express beyond words and overcome barriers. In a world where society experienced crisis, Arts in general has been an essential tool to connect, communicate and help us overcome difficult situations.

Art speaks for itself, breaks barriers, connects us all and touches our hearts in magical ways.

At Club di Movimiento we, as Dance Educators take pride in educating our dancers to become a better person by respecting one another, always reinforcing positive thinking and involvement with our community.

As a CDM family, we celebrate, love for Dance, Culture and Arts. I owe a great debt of gratitude to our office team, teachers, instructors and assistants. You deliver on your "MORE THAN JUST GREAT DANCING" motto everyday. A big SHOUT OUT to Miss Vivian Maduro entering next year her 20 years anniversary teaching the art of dance at CDM. We love you!!

Thank you, CDM's students' families and community partners for supporting our Annual Dance Recital: trusting and believing in the work we do with the youth of Aruba.

Hope you all will have a great time.

Enjoy the show!

Love,

Samanta

Yahaira Natasha Maduro (n.1971, Aruba) is an autodidact visual artist, based in Aruba. Ever since she was a child she loved to draw and paint. Having obtained an LL.M in Notarial Law from Leiden University in the Netherlands, Yahaira returned to Aruba in 2002 to pursue her career as a Legal Specialist. Still art remained one of her true passions and in her free time she started painting more often using mainly acrylics as a creative medium and experimenting with different styles. Yahaira's creative spirit sparks out the best through Abstract Expression and Pop Art. Most of her inspiration comes from how she feels. Colors, energy and movement play a major part in her paintings. She often chooses bold colors as well as daring color combinations and loves to use plenty layers of paint to add texture, depth and contrast to her work. Inspired by "Action painting", Yahaira uses Jackson Pollock's technique to celebrate the joy and playfulness of artistic creation. She does this by dripping, pouring and splashing acrylic paint onto a horizontal surface, since this enables her to view and paint her canvases from all angles. "Apcionada" is Yahaira's second Solo Exhibition. By combining Abstract Expressionism and Pop Art in her body of work for this exhibition, she wants to exalt different types of love and passion, through a colorful journey of creativity aiming to stimulate the mind, heart and senses of the viewer to embrace their feelings and follow their heart.

Acrobatic Arts

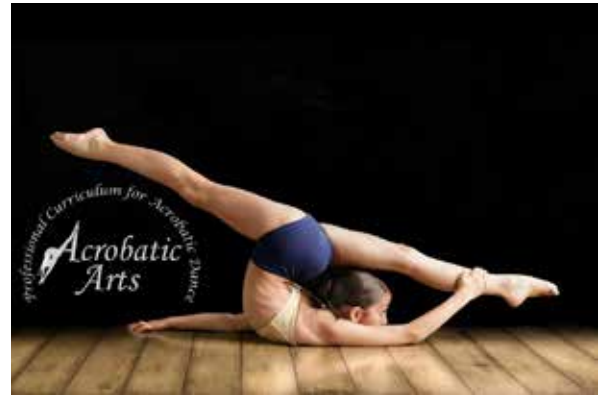

About Acrobatic Dance

Acrobatic Dance, or acro as it is commonly referred to by dancers and dance professionals, is the beautiful fusion of classic dance technique and the precision and athleticism of acrobatic elements. Often defined by unique choreography, acro dancers seamlessly blend musicality, emotional expression, line and extension with acrobatic movements in a dance context.

Acro is an especially challenging style for dancers to master, as training in both dance and acrobatic elements is required. Acro technique includes balancing, limbering, tumbling and partnering, based in flexibility, contortion and strength.

The Benefits

Dancers who train through Acrobatic Arts have balanced development, are stronger, more flexible and fearless. Studios that implement this program will see dancers with more skills, who have fewer accidents, and are less likely to develop chronic injuries.

Circus Arts / Aerial Dance

About Silks

Aerial silks (also known as aerial contortion, aerial ribbons, aerial silks, aerial tissues, fabric, ribbon, or tissu, depending on personal preference) is a type of performance in which one or more artists perform aerial acrobatics while hanging from a fabric. The fabric may be hung as two pieces, or a single piece, folded to make a loop, classified as hammock silks. Performers climb the suspended fabric without the use of safety lines, and rely only on their training and skill to ensure safety. They use the fabric to wrap, suspend, fall, swing, and spiral their bodies into and out of various positions. Aerial silks may be used to fly through the air, striking poses and figures while flying. Aerial Dance is also categorized as an extreme sport.

About Bungee Dancing

Bungee Dance brings new possibilities and a new feeling of flying. Attached to a bungee sling students will jump fly and dance. Imagine being able to explore movement in an exhilarating feeling of defying gravity as a form of getting an intense full body workout. This high-intensity workshop/class has one floating weightlessly, dynamically bouncing and spinning freely into space.

For everybody who loves a challenge and wants to workout all muscle groups.

“The aim of art is not to represent the outward appearance of things, but their inward significance.”
