Club di Movimiento Team

Dear audience,

It is with great pleasure that I welcome you all to CDM's annual dance recital "Seasons of Life".

This year marks an exciting collaboration as we join forces with the School of Performing Arts Bonaire, strengthening relationships with professionals and young dancers through the Aruba & Bonaire Cultural Exchange Program. We are thrilled to welcome them to our homeland and provide them with a warm reception at our Club di Movimiento studio and the National Theater Cas di Cultura. This partnership will undoubtedly bring new perspectives and opportunities for growth, as we come together to celebrate and showcase the richness of our respective cultures through the art of dance. We are committed to making this a successful and mutually beneficial experience for all involved.

This year recital have a diverse lineup of dance styles, age groups, and artistic and cultural aspects that will be showcased on this stage. Our young artists will take you on a journey through the seasons, with both happy and sad moments, as they demonstrate their ability to overcome challenges and celebrate life through the power of dance. Seasons of real life challenges can be difficult to navigate, but they have the power to enrich a person's growth and lead to gratitude. Just like the changing seasons, these challenges bring different experiences and lessons that help us become stronger and wiser individuals. And just like how dance connects and transforms, these challenges speak to the human heart and are an essential form of emotional expression and soul liberation. Through facing and overcoming these challenges, we are able to tap into our inner strength and discover new parts of ourselves. It is through these seasons of real life challenges that we discover our true selves and become stronger and more resilient individuals. This allows us to appreciate all the good things in life and be grateful for our journey and the people who have supported us along the way. We hope that you will be moved and inspired by the dancer's performance, and that you will join us in celebrating the beauty and diversity of dance.

Sit back, relax, and let the magic of dance fill your hearts and minds.

Welcome to our recital!

Love,
Samanta

School of Performing Arts Bonaire (SPAB)

The talent class from the School of Performing Arts Bonaire is participating in a cultural exchange with Aruba. This talent class serves as a preliminary education that encourages students to further their technique and talent so they can pursue dance as a career in the Netherlands or the US. SPAB goal for this exchange is for our students to experience the performing arts world on a greater level. Unfortunately, creative, and artistic opportunities in Bonaire are very limited, especially for teenagers and young adults. Because, we do not have a theatre where SPAB students can perform their pieces here in Bonaire, so SPAB's students are excited for this Exchange Program. Therefore, SPAB students are thrilled to have the opportunity to travel to Aruba and have our students collaborate with so many talented artists. Dancers Participating: Emily Bockweg, Jianna Windster, Julia Bekaert, Jadriënne Francees, Louise Bekaert, Naeymi Sambo, Nathan Mercera, Vyenne Winklaar, Amina Albertoe, Sam de Heer, Zara Herlaar Hassan, Jedapearl Janga, Niniveh Bernadina.

Acrobatic Arts

About Acrobatic Dance

Acrobatic Dance, or acro as it is commonly referred to by dancers and dance professionals, is the beautiful fusion of classic dance technique and the precision and athleticism of acrobatic elements. Often defined by unique choreography, acro dancers seamlessly blend musicality, emotional expression, line and extension with acrobatic movements in a dance context. Acro is an especially challenging style for dancers to master, as training in both dance and acrobatic elements is required. Acro technique includes balancing, limbering, tumbling and partnering, based in flexibility, contortion and strength.

The Benefits

Dancers who train through Acrobatic Arts have balanced development, are stronger, more flexible and fearless. Studios that implement this program will see dancers with more skills, who have fewer accidents, and are less likely to develop chronic injuries.

Circus Arts / Aerial Dance

About Silks

Aerial silks (also known as aerial contortion, aerial ribbons, aerial silks, aerial tissues, fabric, ribbon, or tissu, depending on personal preference) is a type of performance in which one or more artists perform aerial acrobatics while hanging from a fabric. The fabric may be hung as two pieces, or a single piece, folded to make a loop, classified as hammock silks. Performers climb the suspended fabric without the use of safety lines, and rely only on their training and skill to ensure safety. They use the fabric to wrap, suspend, fall, swing, and spiral their bodies into and out of various positions. Aerial silks may be used to fly through the air, striking poses and figures while flying. Aerial Dance is also categorized as an extreme sport.

Aruba & Bonaire

Cultural Exchange Program

The Aruba/Bonaire exchange program, initially planned for April 2020, had to be postponed due to the pandemic. The Bonaire School of Performing Arts and Club di Movimiento Aruba are excited to finally be able to join forces in 2023 after three years, to celebrate the power of dance and unite the 2 islands of the Dutch Kingdom in the Caribbean.

We would like to express our sincere gratitude to Prins Bernhard Cultuur Fonds and Departament di Cultura Aruba for their generous sponsorship. Thanks to their support, the Bonaire Dance students have been given the opportunity to visit Aruba and showcase their talents at the prestigious Cas di Cultura, our national theater. This experience has not only allowed the students to gain exposure and broaden their horizons, but it has also brought our two cultures closer together through the universal language of dance. We cannot thank our sponsors enough for their contribution to this meaningful and unforgettable experience.
